

STAFF REPORT

To: Council
From: Clerk, A. Quinn
Re: Hummel Bridge Repair Update

RECOMMENDATION:

That the memo from Clerk, A. Quinn, be received for information purposes.

ANALYSIS:

As mentioned in previous reports, the Township of Nipissing is taking the lead on the Hummel Bridge project. The following update was provided to staff:

Studies that can be completed now are in progress. The goal is still to have the project shovel ready for 2026 and then proceed when funding becomes available.

Below is the list of studies from the May 20, 2025, report.

Summary: Study Name	Priority	Estimate
Cultural Heritage Evaluation Report/Heritage Impact Study	1	\$ 7,500
Archaeological Studies Stage 1 and Stage 2 (if required)	1	\$ 5,000
Schedule B Environmental Assessment	2	\$12,000
Legal/Topographic Survey	3	\$ 7,500
Species and Risk Screening/DFO Request for Project Review	4	\$ 7,500
Detailed Design Component	4	\$40,000
Soil Characterization Report *completed with project, included in RFP process – may be less as excess soils can be placed at either municipality's landfill sites.	4	\$15,000
