Guidelines for Separating Materials:

Household Paper – Green Box

All paper products, including Newspapers, inserts, bulk mail, phone books, catalogues, magazines, fine paper* and paper back books, can be recycled together.

YES Bundle your paper. Place in or beside your green box.

NO No paper towels, paper cups, construction paper, photographs, postcards or hardcover books.

(*Fine paper includes computer paper, photocopy paper, writing paper, white envelopes (with or without window), and other high-quality papers. Normal household quantities from a home business or a move, keep fine paper separate, put it in clear plastic bags and tie for collection.)

Boxes and Paper Bags - Green Box

Includes fibre-based materials: Corrugated cardboard, boxboard, egg cartons, brown envelopes, paper bags, file folders, and tubes from toilet tissue, etc.

YES Flatten and bundle your corrugated cardboard boxes, boxboard, paper bags and brown envelopes together in bundles 30" x 30" x 8" thick or smaller. (75cm x 75cm x 20cm) Tie the bundles with twine or string.

OR Flatten boxboard and place it in a larger detergent or cereal box along with paper bags and brown envelopes.

NO No waxed or plastic-lined boxes (e.g. most frozen food boxes).

NO Do not put any of these materials in plastic bags, or loose in your green box.

Glass Bottles and Jars - Green Box

Recycle all clear and coloured glass from food or beverages.

YES Rinse, replace metal lids and place loose in green box.

NO No broken glass containers. Put them in the garbage.

NO No other glass items, such as kitchenware, ceramics, drinking glasses, window glass, mirrors, or light bulbs.

Drink Cartons and Tetra Paks – Blue Box

Milk & juice cartons, and tetra pak containers for juice, milk, soup, etc. can be recycled.

YES Rinse, flatten, and place loose in blue box.

Plastic Bags – Blue Box

Includes most flexible plastic bags: Grocery bags, bags from bread, milk, fresh & Frozen produce, bulk food, dry cleaning, toilet tissue, and cereal box liners.

YES Rinse if necessary, stuff into one plastic bag, and tie. Place in your blue box, so it won't blow away.

NO No stretch wrap, pasta bags, cheese packaging, snack food bags, processed cheese wrappers, candy wrappers or cold meat packages.

NO No extremely dirty bags.

Metal cans and foil – Blue Box

Includes all Food & Beverage cans, aluminum foil & trays, and metal paint & aerosol cans.

Cans & Foil

YES Rinse well. Place sharp lids inside cans and pinch ends closed. Scrunch foil into a ball. Place loose in blue box.

NO No butter or cigarette wrappers, chip bags, metal pots, or any other metal products.

Empty paint & Aerosol cans:

YES Remove lids. Place cans and lids in blue box separately. Absolutely no product can be left in the cans. Cans with product in them can be taken to the **Household Hazardous Waste Depot 112 Patton St., North Bay, Wednesday -Saturday, 8am – 6pm, April – October for free disposal.**

NO No partly full paint or aerosol cans.

Plastic Containers #1 -#7Blue Box

Most plastic containers used at home can be recycled, including:

Bottles & jugs: pop, water, vinegar, shampoo, dish soap, windshield washer, bleach, etc.

Tubs & lids: margarine, yoghurt, ice cream, cottage cheese, etc.

Baked goods trays: clear trays and clamshells marked #6

YES Rinse and place loose in the blue box.

NO No plastic trays without #6

NO No blister paks (e.g. from packages of batteries, screws, small light bulbs).

NO No plastic containers from hazardous products.

NO No plastic toys or other plastic products.

NO Only white Styrofoam.

***Please note you do not have to have a green box, simply separate materials noted as 'green' from 'blue'. You may use any combination of green and/or blue boxes as well as clear bags ***
